**Health Care Experience**

North Memorial Medical Center - Hospital Chaplain  
Robbinsdale, Minnesota (2003 to 2005)

- Provided pastoral care and support involving crisis intervention, end of life decisions, administering sacraments, ministry during and after death to 60 unit cardiovascular intensive care, and emergency room of busy level one trauma center.
- Founded pastoral care involvement in department of surgery. Developed protocols and procedures for surgical patients and families.
- Provided pastoral care and support to staff of over 750 in my departments. This included critical incident stress debriefing, stress counseling, and post surgical death counseling with physicians and staff.

Methodist Hospital - Chaplain Residency  
St. Louis Park, Minnesota (2002 and 2003)

- Pastoral care and support to all in-house hospice patients, with daily pastoral visits to homebound and nursing home hospice patients.
- Performed funerals and assisted families with grief counseling.
- Pastoral care and support to cardiac intensive care, pediatrics, obstetrics and gynecology.

**Curriculum Vitae**  
**Gary Mumaugh, DC**  
**Page Three**

**Health Care Experience - continued**

Dr. Gary Mumaugh – Minnesota Offices in Owatonna, Eagan, Brooklyn Park (1986 to 2001)

- Purchased solo practice in Owatonna with specialty in non-surgical orthopedics. Expanded practices to include multi-disciplines of orthopedic rehabilitation services, occupational therapy, massage therapy, nutritional and biological consulting, internal medicine, occupational therapy and myofascial therapy.
- Provided occupational health care services that included pre-placement examinations, post injury care, in-house staff and management training and ergonomic worksite analysis and stress management classes.

Dr. Gary Mumaugh – Brea, California (1979 to 1986)

- Started solo practice with specialty in non-surgical orthopedics and rehabilitation. Within six years, practice had grown to multi-provider office with multiple disciplines to include chiropractic, orthopedic rehabilitation, nutritional and biological consulting, physical therapy and counseling services.
- Provided occupational health services including pre-placement examinations, post-injury care, in-house staff and management training, stress management classes and ergonomic worksite analysis. This service was provided to several companies from small businesses to large companies, including a Fortune 500 company.
